Brief report of facilities provided

Alternative sources of energy and energy conservation measures.

Alternative Sources:

- Solar lights have been installed on the college playground.
- Solar electrification proposal of the college has been approved by the District planning and is due for final approval.
- LED bulbs and LED tube lights have been installed at most places in the college building resulting in greener and lesser energy consumption. Our institution is playing a positive role in energy conservation by inspiring students and parents.

Energy Conservation Measures:

- Large windows effectively use daylight avoiding use of electricity for lighting. Throughout a major part of the year, natural breeze is in abundance. The greenery adds to keeping the surroundings cooler.
- Electricity use for watering plants is reduced as less amount of water is needed due to the drip system.

Stickers for avoiding energy waste

**Sahakar Maharshi Late Bhaskarrao Shingne Arts College,
Khamgaon, Dist. Buldhana**

Brief report of management of the various types of degradable and non-degradable waste.

Garbage bins are kept at various places in our college premises. It has separate bins for wet waste and dry waste. Dustbins in all rooms collect waste paper etc. And thus, the waste accumulated in the college is disposed of separately with the municipal waste collection.

However, most waste is managed on the campus itself.

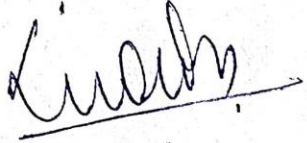

Degradable waste:

- The organic waste from college trees like leaves etc. is deposited in a pit in the college for composting.
- Waste paper is composted in college and excess is disposed of to scrap collectors.

Non degradable waste:

- Use of plastic/ polyethene is discouraged on the campus.
- Any plastic waste scrapped (ex. old broken dustbin) is disposed of to the scrap collector for recycling.
- E-waste: We have collected the e-waste generated in the college and the e-waste collected by the college staff and students. After quite a large amount of this e waste is collected, it is handed over to an approved e-waste collection agency.

Brief report of water conservation

Various efforts are being made continuously by the college regarding water conservation.

- Rain water falling on the roofs of all the buildings in the college is channelled into the ground through pipes.
- A rain water harvesting pit, 48 feet long, 16 feet wide and 8 feet deep has been constructed in the college with capacity of 581 cusec meters.
- Despite the fact that the soil of the college is rocky, consistent efforts at greening the area by planting trees is a step for water conservation.
- All the trees are watered through drip system to get the maximum benefits by using minimum water for growing the trees in the college premises.

Brief report of Green campus initiatives

Many activities are implemented by the college to keep the college premises green. These activities are carried out jointly by the college and the students.

- Different types of trees have been planted in the college premises. It includes shady trees like Banyan, Peepal, neem, Saptaparni, Gulmohar, etc., flowering plants like champa, tecoma, bougainvillea, medicinal plants and ornamental potted plants. Trees have plates scientific name and common name.
- Regular maintenance of the trees planted in the college premises like watering, cutting, weeding is done.
- A nursery has been established in the college itself with the help of the students and staff providing new saplings for planting on premises.
- Some of the work in this nursery is done by NSS students like filling the nursery bags with soil for planting, planting seeds and cuttings etc. while laborers help maintain the greenery.
- The college is successfully composting the organic *nirmalya* during *Ganeshotsav* received from the Khamgaon Municipality.
- Employees and students of the college are given an oath to protect and conserve the environment on Environment Day.
- On 5th August 2019, the college has received the cleanliness award for the session 2018-19 by Sant Gadge Baba Amravati University, Amravati.
- On May 1, 2021, the college has won the Environment Award 2020 sponsored by Sant Gadge Baba Amravati University Amravati.
- The trees planted in the college premises are supplied with water through drip irrigation system, which not only saves water but also helps in tree conservation.
- Days like Vasundhara Day, World Nature Conservation Day, World Environment Day, International Wildlife Day are celebrated in the college, thus the cleanliness of the college premises has increased.

Brief report on disabled- friendly barrier free environment

Our institution has provided the following facilities in the college for the differently abled and will improve such facilities in the future.

- The college has a wheelchair facility for the disabled.
- The college has ramps at entrance of buildings.
- Disabled-friendly washroom.
- The staircase has railings to facilitate climbing to the upper floors.
- Provision for lift in near future in one of the buildings.

A handwritten signature in blue ink, appearing to be "K. Wadhvani", written over a horizontal line.
